## PRODUCT DETAILS

**Promotional Offer – Get a free set of 8 Eco Foundation Pads with each linked flatpack store bundle purchased online in April. To claim this offer add the free Eco Foundation Pads pack from the product options into your basket.**

If you need a large open space for storage of goods in an awkward space the 3m side by side linked flat pack containers with an internal width of 4065mm (2 units) are an extremely useful and expandable storage solution.

With all the usual benefits of the flat pack storage range – notably that the individual components can be moved by hand and erected in challenging positions behind or even within buildings as required. The linking kit is galvanised for long life and to match seamlessly with the containers.

This bundle comprises:

- 2no [3m flat pack galvanised stores](#) (QF249)
- 1no [side by side linking kit](#) (QF594)

This provides 11.3m<sup>2</sup> or 121 square feet. Additional units can also be joined if required (add additional link kits and stores to your online basket in the checkout process).

The side linked set-up also benefits from multiple doors an extra set of doors with each additional unit added. linked units can be joined with doors at the same end or opposite ends.

Please note flat pack containers can only be joined in one direction eg: side by side or end on end in the same structure.
