Part Number: SALE SHELF UPRIGHTS FOR FLATPACK STORE

**£20.00** (exc. VAT)

**£24.00** (inc. VAT)

### PRODUCT SPECIFICATIONS

### PRODUCT DETAILS

The shelf uprights are designed to slide into the corrugations of any flat pack store without using any fixings or tools.

For each shelf you will need a minimum of 2 shelf uprights.

- Each upright is capable of supporting up to 3 shelf arms with a load rating of 15kgs each.
- You will require a minimum of two shelf uprights per shelf to give a 30kg carrying capacity.
- Additional shelf uprights can be used to give a maximum shelf capacity of 60kgs.
- It is possible to fit one, two or three tiers of shelving per shelf upright.

You will also need to purchase [shelf arms](#) and the shelf itself ([185cm](#) or [137cm](#))
