

VERTICAL WINDOW BLIND FOR JACKLEG CABIN

Quickfind Code: 912

Part Number: SALE OF 1M X 1M VERTICAL BLIND

£102.00 (exc. VAT)

£122.40 (inc. VAT)

PRODUCT DETAILS

When fitted into the cabin, the cream coloured vertical blinds allow users to adjust the flaps to optimise and allow the perfect amount of light.

The blinds are constructed from retardant materials designed to reduce the spread of fire, as well as anti-bacterial properties to discourage the formation of bacteria, mildew or mould.

FEATURES

- Fire and anti- bacterial properties

BENEFITS

- Perfect control of the light in your cabin
- Prevents people looking into cabin when you are not there
